Into the future with FORTEC One

Dear Sir or Madam

In 2020, we launched the Grow Together strategy in the FORTEC Group to merge into one global partner for unlimited technology solutions.

Since then, a lot has happened behind the scenes and today we are pleased to announce the first publicly visible step: As part of the FORTEC One project, the subsidiaries located in the EU region will operate under the FORTEC brand as of 03 July. The companies will each receive a descriptor to distinguish them.

For you, nothing will change in your cooperation with us. In our opinion, the planned measures will not have any significant impact on our business processes with you. In particular, the legal entity, company management and personnel will remain identical.

The company names, billing addresses, e-mail addresses and telephone numbers will remain unchanged until further notice. These are to be changed in the future, whereby we are currently examining the legal and logistical aspects in order to avoid possible risks in the course of business. We will inform you as soon as there is news on this.

You are an important part of the success of the FORTEC Group. We look forward to continuing and expanding our cooperation with the same corporate philosophy but a new image.

With kind regards

Sandra Maile, Ulrich Ermel & Bernhard Staller
